MACQUARIE STREET,

SYDNEY, 22nd March, 1920.

Dear Mr. White,

Miss Rodd told me of your message on Friday that Sir Douglas Mawson and the Premier had both signed the agreement relating to the Mawson Expedition matter. I take it now that our Committee has still a responsibility in seeing that Mawson carries out his part of the agreement. I am very much afraid that unless he is constantly reminded about the matter he will do very little. He should have material that can be handed over immediately. Will you be good enough to ask Mr. Gullick how he regards our responsibility as a Committee now that the agreement has been signed.

I remain, Dear Mr. White,  
Yours faithfully,

*W. T. Gidley*  
PRINCIPAL LIBRARIAN.
