

22nd November, 20.

Dear Sir,

A meeting of this Committee was held on the 17th instant for the consideration of general business, when it was reported that no replies had yet been received to its several communications addressed to you on matters connected with the fulfilment of the details of the Agreement between yourself and the Government.

In view of this fact, the Committee has had to consider its position as representative of the Government, and it was unanimously resolved that unless replies to the communications previously sent to you were received within a fortnight from this date the further printing of the Records must be suspended.

The Premier's Office has been advised accordingly.

Yours faithfully,

Sir Douglas Mawson, Kt.:,
The University,
ADELAIDE, S. A.

Chairman.
